Failure in CAPITAL Letters

Way back in 2008, Microsoft bid \$45 Billion for Yahoo. If you are not familiar with Yahoo, they were the original search engine. For various reasons, they fell from grace.

Yahoo rejected the \$45 Billion.
9 years later, in 2017 they were sold to Verizon for \$4.4 Billion.
What a mistake!

If Microsoft offers you \$45 Billion for your business, TAKE IT !

HOW TO

WordPress Dedicated Server

We are expanding with a new server dedicated exclusively to WordPress sites.

You may be aware, WordPress is the #1 content management system (CMS) in the world. While we also offer Joomla and a bunch of other CMS programs, WP is most widely used. WHY? I have no idea. Once you get past the learning curve, it is very easy to maintain a site, add pages, or a blog, and do more. Templates are readily available and are inexpensive. And plugins to do specific tasks are available, and often free.

If you have any questions, or would like to start a new website using WordPress, please let me know. I am ready for you !
